

Dragon Racing Fuels Rider Testimonies

Jul 15 2010 2:08PM

Dragon Racing Fuels is new to the Motocross Community and with a need for an extremely powerful alternative to the norm, have made quite a few heads turn as their products are being discovered by the elite riders in our Community. As the word of mouth spreads the response and praise increases for Dragon Racing Fuels. With many successful promotions and campaigns, Dragon has been able to reach a multitude of racing professionals and enthusiasts and has successfully reached elite levels of success in multiple genres of racing. From Supercross/Motocross to Automobile and Marine Racing, Dragon Racing Fuels continues its popularity and growth. Don't you think it is about time you see for yourself and "Feel the Power"?

Dragon Racing Fuels recently sat down with Supercross/Motocross racing professionals, Phil Nicoletti and Taylor Futrell to get their insight on the new fuel and the power and response that they are receiving daily on the track. Here are a couple excerpts from these interviews:

Phil Nicoletti is coming off of 6 top tens in the 2010 Supercross Series where he spent time riding for the FMF/KTM Factory Team. Phil is riding for Team Dragon Racing Fuels - 1-866-KTM-PART for the 2010 Lucas Oil AMA Pro Motocross Championship Series. "Coming to the Team I was not familiar with Dragon Racing Fuels. After testing, practice and racing with the fuel, I am extremely excited. I have power everywhere in the bike, stated Phil. As soon as I got on the gas I felt the difference. I have complete power from bottom to top! I suggest every rider try Dragon out, you will be excited at the performance you receive! See Phil Nicoletti and his Dragon Racing Fuels - 1-866-KTM-PART #175 this weekend at the Rockstar Energy Spring Creek National from Millville, Minnesota and ask him yourself about the power difference that he is getting with Dragon Racing Fuels.

Taylor Futrell is coming off an injury that he incurred at the end of the 2010 Supercross Series and is expected to make his 2010 Lucas Oil AMA Pro Motocross Championship Series debut at Unadilla for Team Dragon Racing Fuels - 1-866-KTM-PART. Taylor stated: "I immediately noticed the difference when I started using Dragon Racing Fuel. I had zero problems from making the shift from other fuels and I consistently notice more all around power, especially in the bottom end. I love the company, Chuck (Newton, owner, Dragon Racing Fuels) and his staff are the best. They have met every need that I have. On a business level, Dragon couldn't be any better. They are always looking out for their clients. I want to give a huge thanks to Dragon Racing Fuels for all they have done and I look forward to a long and successful relationship with them"

Al Albiker, Manager for Team Dragon Racing Fuel - 1-866-KTM-PART, added "Dragon was a perfect fit for the Team. As you know, over the years performance is #1 with me. That's why when I started testing with Dragon Racing Fuel and working with Chuck, I knew this was the right direction. Chuck is phenomenal to work with and we are looking forward to a long partnership and achieving mutual outstanding results.

Dragon Racing Fuels offer superior increase in throttle response, torque and horsepower in their entire Legend Series Race Fuels. Formulated by race fuel legend, Jim Meiser, Dragon Racing Fuels has introduced 3 new state of the art formulations with superior performance for the motorcycle market. Dragon Racing Fuels owner Chuck Newton states... "From Dirt to Asphalt to Water, Dragon Racing Fuels Are Fueling Your Passion"!

You can follow Team Dragon Racing Fuels as they continue their successful racing campaign in the 2010 Lucas Oil AMA Pro Motocross Championship Series. Come by the pits and meet the riders and Team representatives.
